CONTENTS OF VOL. 53.

Nos. 1 & 2., December 25, 1950.

PAGE

Hironaka, K. "Empfindungszeit" of an Electrical Phosphene and That of a Light Stimulus. (Dark-adapted Eye) 1

Masamune, H. and **Yosizawa, Z.** A Further Study on the Structure of the A Group-specific Carbohydrate from Hog Stomach Mucus. Preliminary Note. 10

Koike, I. The Research in the Various Factors, Necessary for the Appearance of the Critical Stage of Perception Time... 11

Nagaoka, T. Biochemical Studies on Carbohydrates. CXXX. Desamino-chitosamine (chitose), -chondrosamine (chondrose) and -chondrosin.... 21

Nagaoka, T. Biochemical Studies on Carbohydrates. CXXXI. Chondrosin. Eighth Report. 29

Hamasato, Y. Chemistry and Biology of Lipids. III. On Psychosin. 35

Arai, T. On the Determination of Adrenaline in Suprarenal Extracts by Some Chemical and Biological Methods. 45

Arai, T. Parallel Determination of Epinephrine in the Suprarenal Vein Blood by a Chemical and a Biological Method.... 55

Wada, T. Electrographic Changes Immediately Recorded from the Exposed Human Brain during Cardiazol Convulsion.... 59

Ito, M. Genetical Studies on Skin Diseases. I. Ephelides, Dyschromatosis symmetrica hereditaria and Xeroderma pigmentosum.... ... 69

Yoshida, Y. Genetical Studies on Skin Diseases. II. Epidermolysis bullosa hereditaria. 73

Yoshida, Y. Genetical Studies on Skin Diseases. III. Hypotrichosis congenita. 77

Yoshida, Y. Genetical Studies on Skin Diseases. IV. Keratoma palmare et plantare hereditarium. 83

Ito, M. Genetical Studies on Skin Diseases. V. Ichthyosis. 89

Sato, S. On the Changes in Intermediate Metabolism of the Blood Protein and Water by Muscular Exercise in Malnutrition.... 93

Hosoya, Y., Fang, H. S. and **Peng, M. T.** The Effect of Nicotinic Acid Amide on Dark Adaptation. (A Preliminary Report) 103

Hosoya, Y., Fang, H. S. and **Peng, M. T.** Choline and Dark Adaptation in Man. 109

Fang, H. S. Comparative Study of the Effects of Certain Drugs on Cone and Rod Dark Adaptation.... 115

Yosizawa, Z. Biochemical Studies on Carbohydrates. CXXXII. Paper Partition Chromatograms of Blood Group Substances. First Paper. Those of the Group Substances from Pig Stomach Mucus and Human Gastric Juice.... 125

PAGE

Saito, K. On the Inactivation of Epinephrine Discharged from the Suprarenal Glands. 137

Takita, S. Contribution to the Glycemic Effect of Histamine in Dogs and Rabbits. 145

Hosoya, Y., Fang, H. S., Peng, M. T. and **Hwang, T. F.** Alterations in Dark Adaptation after the Oral Administration of Creatine and Methionine.... 149

Masamune, H. and **Yosizawa, Z.** Biochemical Studies on Carbohydrates. CXXXIII. Paper Partition Chromatograms of Glycidamins and Glycoproteins. I. 155

Ikeda, R. Some Remarks rê the Etiology of the Kakke Disease. 161

Arakawa, T. Contribution to the Method for the Quantitative Estimation of Pyruvic Acid in Human Milk. The 30th Report on Micro Method. 167

Arakawa, T. Pyruvic Acid Content in Human Milk with Different Arakawa's Reaction. 215th Report of the Peroxidase Reaction (162nd Human Milk Study). 171

Hikichi, R. Studies about Blood Pressure of Toxemias of Late Pregnancy. First Report. A Statistical Observation on Blood Pressure of Gravida and Parturient, especially of Toxemias of Late Pregnancy. 177

Hikichi, R. Studies about Blood Pressure of Toxemias of Late Pregnancy. Second Report. Range of Blood Pressure of Toxemias in Late Pregnancy. 183

Hikichi, R. A Study about Posterior Pituitary Hormone Inactivation of Toxemic Serum of Late Pregnancy. 189

Igarashi, K. An Auxiliary Method for Diagnosis of Cancer. 195

Motokawa, K. and **Iwama, K.** Resonance in Electrical Stimulation of the Eye. 201

Nos. 3 & 4. March 25, 1951.

Urayama, A. Experimental Study on Fixation of Allergic Reaction to the Eye. 207

Isikawa, T. Biochemical Studies on Carbohydrates. CXXXIV. Mucosin. First Report. 217

Tiba, H., Takaku, I. and **Satoh, Y.** On Proteins and Amino Acids. III. On Ascitic Fluid. Third Report. 223

Masamune, H., Yosizawa, Z. and **Maki, M.** Biochemical Studies on Carbohydrates. CXXXV. Paper Partition Chromatograms of Sugar Components in Glucidamins and Glycoproteins. II.... 237

Hayakawa, M. Proteolytic Activity of Human Gastric Mucosa. I. ... 243

PAGE

Hayakawa, M. Proteolytic Activity of Human Gastric Mucosa. II. Its Tryptase Activity. 251

Hayakawa, M. Studies on Serum Antitrypsin. First Report. Inhibition Mechanism of Serum against Tryptic Proteolysis. 259

Hayakawa, M. Studies on Serum Antitrypsin. Second Report. A New Clinical Method by Formol-Titration of Measuring Antitryptic Index of Serum. 269

Hayakawa, M. Studies on Serum Antitrypsin. Third Report. Chemical Nature of Antitryptic Activity of Serum. I. Its Relation to Serum Protein. 275

Hayakawa, M. Studies on Serum Antitrypsin. Fourth Report. Chemical Nature of Antitryptic Activity of Serum. II. Its Symplex-theory.... 283

Hayakawa, M. Studies on Serum Antitrypsin. Fifth Report. Serum Antitryptic Index of the Patients with Gastric or Duodenal Ulcer and with Gastric Cancer. 291

Hayakawa, M. Action of Serum upon Proteolysis. 303

Hayakawa, M. An Enzymological Study on Genesis of Gastric Ulcer.... 309

Sato, H. Studies on the Cardiac Rhythm of the Dog in Experimental Hyper- and Hypo-thyroidism.... 317

Sato, H. On the Patterns of Cardiac Rhythm in Healthy Men, with Especial Reference to the Slow Rhythm Simulating Traube-Hering Waves of Blood Pressure.... 325

Sato, A. Sato and Sekiya's Peroxidase Stain and Sato and Shoji's Stain.... 331

Matuda, Y. ABO-Blood-Group Lipoids in Human Liver. First Report. 333

Motokawa, K. and **Iwama, K.** Color Processes and Physiological Induction in Frog's Retina.... 341

Ishigaki, G. and **Kurobane, T.** On the Neurinoma Fibril. (A Contribution to the Study of Argyrophil Fibers) 351

Suzuki, T. On the Cobalt Polycythemia.... 359

Suzuki, T. Hematopoietic Actions of Some Complex Salts of Cobalt.... 367

Matuda, Y. ABO-Blood-Group Lipoids in Human Liver. Second Report. 373

Matuda, Y. Biochemical Studies on Carbohydrates. CXXXVI. A Hexosamine-containing Carbohydrate and a Glucidamin from Human Liver. 383

Tamura, M. On the Cerebro-Spinal Fluid Pressure of Toxemias of Late Pregnancy. 389

Motokawa, K., Iwama, K. and **Tukahara, S.** Color Processes in Single Retinal Elements 399

R99
S47

INDEX TO VOL. 53 OF THE TOHOKU JOURNAL OF EXPERIMENTAL MEDICINE

Subjects

ABO-blood group : — - — — lipoids in human liver *333, 373*
Adrenaline : Assay in suprarenal extracts *45*
Assay in suprarenal vein blood *55*
Inactivation of — discharged from suprarenal glands *137*
Allergic reaction : Fixation of — — to eye *207*
Antitrypsin : — of serum : Chemical nature *275, 283*
Formol titration for antitryptic index.. *269*
Inhibition of serum against tryptic proteolysis *259*
Serum antitryptic index of digestive diseases *291*
Arakawa's reaction : — — and pyruvic acid of human milk *171*
Argyrophil fiber *351*
Ascitic fluid : Proteins in — — .. *223*
Blood group substances : Paper-chromatograms of — — — from pig stomach mucus and human gastric juice *125*
Blood pressure : — — in toxemias.. *183*
— — of gravida and parturient in toxemias *177*
Cancer diagnosis : Auxiliary method for — — *195*
Carbohydrate : A-specific — from hog stomach mucin *10*
Cardiac rhythm : — — in experimental hyper- and hypo-thyroidism.. *317*
Patterns of — — in healthy men.... *325*
Cardiotachography : — of cardiac rhythm in health; its three patterns.. *325*
Choline : Effect of — on dark adaptation *109*
Chondrosin : Chemistry of —..... *29*
Cobalt : — polycythemia *359*
Hematopoietic action of complex salts of — *367*
Color processes : — — and induction in frog's retina *341*
— — in single retinal elements *399*
Convulsion : EEG of exposed human brain during cardiazol —..... *59*
Creatine : Effect of — on dark adaptation *149*
Dark adaptation :
Effect of choline on — — *109*
„ „ creatine on — —..... *149*
„ „ drugs on — —..... *115*
„ „ methionine on — —..... *149*
„ „ nicotinic acid on — —.... *103*
Desamino-chitosamine, -chondrosamine and -chondrosin : Chemistry of —, — —..... *21*
Digestive tractus : Antitryptic index of serum in diseases of — —..... *291*
Drugs : Effect of — on dark adaptation *115*
EEG : — of exposed human brain during cardiazol convulsion *59*
Eye : Ocular allergy *207*
Resonance in electrical stimulation of — *201*
"E.Z." : — of electrical phosphene.. *1*
Gastric juice, human : Paper chromatograms of blood group substances of — — — *125*
Gastric mucosa : Proteolytic activity of human — —..... *243, 251*
Gastric ulcer : Genesis of — —; enzymological study *309*
Genetical studies on skin diseases :
Dyschromatosis symmetrica hereditaria *69*
Ephelides *69*
Epidermolysis bullosa hereditaria.... *73*
Hypotrichosis congenita *77*
Ichthyosis *89*

Keratoma palmare et plantare hereditarium 83
Xeroderma pigmentosum 69
Glucidamin : — from human liver .. 383
Paper chromatograms of sugar components in — 155, 237
Glycoproteins : Paper chromatograms of sugar components of — 155, 237
Hematopoiesis : — by complex salts of cobalt 367
Hexosamine : —containing carbohydrate 383
Histamine: Glycemic effect of — 145
Induction : Retinal — and color processes 341
Kakke disease : Etiology 161
Malnutrition : Intermediate metabolism of blood protein and water 93
Metabolism, intermediate : — — of blood protein and water 93
Methionine : Effect of — on dark adaptation 149
Mucosin : Chemistry of — 217
Mucus, hog stomach: A-specific carbohydrate from — — —..... 10
Paper chromatograms of blood group substances of — — —..... 125
Neurinoma fibril 351
Nicotinic acid : Effect of — — on dark adaptation 103
Perception time : Critical stage of — — 11
Peroxidase : — stain (Sato-Sekiya's and Sato-Shoji's) 331
Phosphene : "E.Z." of electrical —.. 1
Pituitary hormone, posterior : Inactivation of — (— —) by toxemic serum of late pregnancy 189
Polycythemia : Cobalt —..... 359
Pregnancy toxemia : Blood pressure in — —..... 177, 183
Pituitary hormone inactivation of serum 189
Spinal fluid pressure in — —..... 389
Protein and water : Intermediate metabolism of blood — — —..... 93
Proteolysis : Action of serum upon — 303
Proteolytic activity of human gastric mucosa 243, 251
Psychosin : Chemistry of — 35
Pyruvic acid : Assay in human milk.. 171
Method for human milk..... 167
Skin diseases : Genetic studies on — — 69, 73, 77, 83, 89
Spinal fluid : — — pressure in pregnancy toxemias 389
Toxemias of late pregnancy : Pituitary hormone inactivation of serum 189
Range of blood pressure 183
Spinal fluid pressure 389
Statistical observation on blood pressure 177
Thyroid : Cardiac rhythm in experimental hyper- and hypo-thyroidism.. 317
